Profile

Data analyst with 3 years of experience in marketing analytics, focused on campaign performance measurement and attribution.

Experience

Data Analyst, Orbit Marketing Group (2023 – Present)

- Built a multi-touch attribution model for a portfolio of 14 brands, replacing last-click reports that had been overstating paid search and understating organic channels.
- Traced a recurring discrepancy between ad platform reported spend and our internal records, which led to recovering [illegible] in billing errors from two vendors.
- Rebuilt the weekly paid acquisition dashboard used by the marketing leadership team.

Junior Data Analyst, Orbit Marketing Group (2021 – 2023)

- Pulled campaign performance data for weekly reporting.
- Maintained Google Analytics tracking across the portfolio.
